Global Survey of Mathematical,
Computing, and Natural Scientists

The **2018 Global Survey of Scientists**
will target 45,000 respondents in seven
languages. The results will help inform
interventions to **increase participation
in STEM fields, especially for women.**

Please contribute to the survey

Joint Data-backed Study of Publication Patterns

The project will analyse **publication
patterns in several scientific fields
across countries and regions.**

*“Science is not a boy's
game, it's not a girl's game.
It's everyone's game. It's
about where we are and
where we're going.”*

— Nichelle Nichols

Database of Good Practices for Girls and
Young Women, Parents, and Organizations

An online database will collect effective initiatives
to **enhance the participation of girls and women
in science and mathematics.**
