

Mexico City, May 12th, 2021

María Lizbeth Barrios Reyna

Institute of Physics, Benemérita Universidad Autónoma de Puebla
Benemerita Universidad Autonoma de Puebla

I am pleased to inform you that your contribution "**Evolution of the formation of manganese oxide phases by increasing the annealing temperature under oxygen-poor ambient**" by *María Lizbeth Barrios Reyna, Enrique Quiroga González, Enrique Sánchez Mora*, has been **accepted** in symposium **A10, Nanostructured Materials and Nanotechnology: Synthesis, Properties, and Theory** at the XXIX International Materials Research Congress, to be held in Cancun in August 15 - 20, 2021.

The presentation has been accepted in the **Poster** modality. Remember that in order to include your abstract in the congress program you must confirm your participation no later than May 21 by choosing the modality you will present your abstract(s); you can do this from your IMRC account.

Organizers of the Symposium

"Nanostructured Materials and Nanotechnology: Synthesis, Properties, and Theory"

Claudia Gutiérrez-Wing, Alfredo Rafael Vilchis Nestor
