I am pleased to inform you that your contribution "**Correlation of particle size and density of defects with the nature of delamination techniques for producing nanoflakes of MoS<sub>2</sub> and WS<sub>2</sub>**" by *Samantha Pérez, Enrique Quiroga González, Felipe Pérez Rodríguez*, has been **accepted** in symposium **A10, Nanostructured Materials and Nanotechnology: Synthesis, Properties, and Theory** at the XXIX International Materials Research Congress, to be held in Cancun in August 15 - 20, 2021.

The presentation has been accepted in the **Poster** modality. Remember that in order to include your abstract in the congress program you must confirm your participation no later than May 21 by choosing the modality you will present your abstract(s); you can do this from your IMRC account.
