Influence of tungsten trioxide concentration on carbon surface for capacitance improvement: An experimental and theoretical study

Alfredo Guillén-López; Ana K. Cuentas-Gallegos; Nelly Rayón-López; Leonardo David Herrera-Zúñiga; Miguel Robles; Jesús Muñiz

Dear Dr. Quiroga,

Thank you for reviewing the above referenced manuscript. I greatly appreciate your contribution and time, which not only assisted me in reaching my decision, but also enables the author(s) to disseminate their work at the highest possible quality. Without the dedication of reviewers like you, it would be impossible to manage an efficient peer review process and maintain the high standards necessary for a successful journal.

I hope that you will consider Journal of Physics and Chemistry of Solids as a potential journal for your own submissions in the future.

As a token of appreciation, we would like to provide you with a review recognition certificate on Elsevier Reviewer Hub (reviewerhub.elsevier.com). Through the Elsevier Reviewer Hub, you can also keep track of all your reviewing activities for this and other Elsevier journals on Editorial Manager.

If you have not yet activated your 30 day complimentary access to ScienceDirect and Scopus, you can still do so via the [Rewards] section of your profile in Reviewer Hub (reviewerhub.elsevier.com).

You can always claim your 30-day access period later, however, please be aware that the access link will expire six months after you have accepted to review.

Kind regards,

A. Bansil

Editor

Journal of Physics and Chemistry of Solids
